## Elks Win Last Three Games

## Vulcan Blasts Nanton To Gain Baseball Playoff Spot

Vulcan Elks gained a play-off berth in the Foothills-Wheatbelt baseball league on Monday when they blasted Nanton by an 8-1 score in the final game of the regular schedule. A Nanton win would have tied the two teams for the fourth playoff spot.

At the conclusion of the regular schedule, Staveland leads the league, with Claresholm Meteors in second spot, Granum third and Vulcan fourth.

Vulcan wins the Dawson Cup, emblematic of the Wheatbelt championship, by virtue of being the only team in the Wheatbelt portion of the league to enter the playoffs. Staveland wins the Foothills Cup, by placing highest of any team in the Foothills portion of the league. The George Wesley Cup will be awarded the team winning the playoffs of the amalgamated Foothills-Wheatbelt league.

Vulcan goes against Staveland, the league leaders, in the semi-final. The first game will be played at Staveland on Sunday and the second game is at Vulcan Wednesday, July 22. The winner of two games out of three will enter the league final.

The game was deadlocked 1-1 until the first half of the eighth inning when the Vulcan batters reached Scott, the Nanton pitcher, to drive in seven runs.

Frank with four safe hits and McPherson with three led the Vulcan batters. Clarkson got two safeties and Wynn one.

McAtee, on the Vulcan mound, was always in control of the game and limited Nanton to six scattered hits.

**Vulcan 5 - Granum 3**  
Behind the four-hit pitching of Joe Jankola, who struck out 12 of the Granum batters, Vulcan Elks came through with an important 5-3 win at Granum on Sunday, July 12.

Vulcan's five runs came on eight hits and three Granum errors. McPherson and Pruden led the Vulcan batters with two hits each, while Wynn, Clarkson, McAtee and Pederson each got a safety. Granum's three runs were gained on four hits and five Vulcan errors.

**Vulcan 22 - Carmangay 0**  
Behind the flashy two-hit pitching of Joe Jankola and a sizzling hitting barrage, Vulcan romped to a one-sided 22-0 shutout over Carmangay at the southern town last week.

Jankola, who set a provincial strikeout record while pitching for Calgary Purty 99's of the Big Four league, was razor-sharp as he gave up but two scratch singles in the nine full innings to Walt Rhodes and Jonas Hurnamen. Glen Rhodes started on the mound for the locals but withered under the steady barrage in the seventh as Steve Ganger came in to relieve. Rhodes was the loser.

Ron McPherson and Benny Dann highlighted the 19-hit attack as they each poled out two four-baggers and a single in seven official trips to the plate. McPherson was the first man up in the initial canto and blasted the first pitch of the game out of the park. Dann cracked out his first homer in the first frame and then joined McPherson with another round-tripper in the six-run ninth inning. Two men were on base both times when they hit for the circuit in the ninth.

Clayton Clarkson swatted a double, single and a triple for Vulcan while Jankola pitched in at the plate with a pair of two-base blows and a single in five trips.

## Total of \$2,649 Given In Local Red Cross Drive

Final returns of the annual campaign conducted by the Canadian Red Cross Society, show that the total donations made by residents of Vulcan and district amounted to \$2,649.82.

This is some \$400 greater than was collected last year and credit must be given to members of the local branch of the Society, who

## Pass Tests As Swim Instructors

Two local girls, Marlene Lloyd and Beth Saxby, recently passed their Instructor's Course in Water Safety at the annual Red Cross Instructor's School in Lethbridge. The week long school was directed by Ken Hodgert, the Red Cross Director of Swimming and Water Safety for the province.

Completion of the Red Cross school in Water Safety is one of the highest achievements that a swimmer can obtain. At the present time there are about 225 active Red Cross Instructors in the Province. Working in cooperation with the local Red Cross chapters, they are responsible for most of the Red Cross Water Safety Program "learn to swim" classes in Alberta.

The local Red Cross chapter has purchased a canoe, which will be used at the swimming pool for demonstrations in boating safety. With the addition of the boat, the local pool is now conducting the most comprehensive programs in Water Safety in Southern Alberta.

## Crops Making Good Progress

Weather for the past ten days has been hot and sunny and crops are making rapid growth. Half-damaged crops north and east of Vulcan are reported to be making a good recovery but will be very late. Most claims as a result of the recent hail storm are being deferred until fall.

Wednesday evening of this week skies were cloudy with the prospect of scattered showers. Although moisture reserves are ample at present, a good rain will likely be needed before the end of the month if the heavy stands of wheat are to fill properly.

conducted the town canvass, and to C. W. Loos, who organized the rural canvass.

**Blood Donor Clinic**  
A blood donor clinic, convened by Mrs. Mabel Robinson, was held in Vulcan June 26. The response to this clinic was very disappointing, with only 88 bottles of blood received.

Appreciation is expressed to the Thigh Hill W.I. members who served refreshments and aided the technicians, to nurses Mrs. Joyce McAskie, Mrs. Ruby Jamison and Mrs. Pat Collier for after-care of the donors and to Mrs. Eunice LaRoche for serving of fruit juices.

**3320 Articles Made**  
Members of the local Red Cross Branch have made 3,320 articles, which have been turned in to the Calgary Red Cross workroom, according to a report given by Mrs. W. S. Hill, convener of this phase of activity. These articles include transfusion towels, wipes and garments.

## Has Reunion With Sisters at Vulcan

C. F. Rinehart of San Francisco, Calif., was a recent visitor with his sister, Mrs. Mary Boose, whom he had not seen for 48 years, and Miss Cora Rinehart, whom he had last seen 38 years ago.

Mr. Rinehart, who is nearly 84 years of age, made the trip by plane. He was accompanied by his son, Harold.

When leaving Vulcan, they travelled by train to Edmonton and from there flew to Peace River where they visited a cousin, J. B. Early.

## Wins Photo Prize

Terry White of the Vulcan district submitted the winning photograph in a contest conducted by the Weekly Market News, published at Winnipeg.

The photo shows a number of combines and trucks gathered for a harvesting bee at the farm of Tom Houston, who had been seriously injured in a power takeoff accident at the start of the harvesting season.

## Two-second Penalty Made It Tough

A two-second penalty can mean the difference between the glory of victory and the tragedy of defeat in the exciting chuck wagon races at the Calgary Stampede. Last Thursday night, before Hank Willard drove the Vulcan outfit to victory in the week-long event, a two-second penalty hit 1952 chuckwagon champion, Commodore Allen of Vulcan a bitter blow. It put him in second spot and three-fifths of a second behind W. I. Newman of Vermillion.

The Calgary Herald reported the story as follows:  
Down in Barn No. 8 at the Stampede grounds after the race there was a post mortem held for the lost two seconds.

"If Ron said I cut him off, I cut him off." This was the way Commodore Allen's driver, Hank Willard, felt about the whole thing.

The outfit Hank "cut out" Thursday night was that of J. Phelan of Red Deer, driven by Ronnie Glass. The two drivers hit the stretch just about neck and neck and then Hank made his unintentional error: When he found he had been penalized he looked Ron up.

"Did I cut you out tonight," he asked him. When Ron assured him he had, he accepted the statement with "his word is good enough for me anytime."

Hank is a genuine horseman and is recognized as one of the leading chuckwagon drivers in Western Canada. He took up the game in 1951 in partnership with George Nelson and the two drove their wagon to victory that year. Commodore Allen's team also was entered in 1951, but placed far out of the running. The next season, however, with Hank Willard at the helm the Allen outfit took top honors.

It was a dream come true for Commodore Allen.

Ever since he saw Dan Reilly come in to win the races in 1923 he has been certain that the chuckwagon game was for him.

He would like to see that first prize package fall into his team's hands again this year, but there is one thing he thinks is more important—that is the team spirit and honest play he witnessed Thursday night when his driver conceded two seconds to a rival with a friendly "your word is law" air.

These are sportsmen who make the chuckwagon races this year, next year and every year, one of the greatest spectacles of them all.

## Former Resident, Jos. Munson Dies

Well known former resident of the Vulcan district, where he farmed for many years, Joseph Munson, aged 81, died on Saturday, July 11 at Abbotsford, B.C.

He was born at Kackley, Kansas, U.S.A., coming to the Vulcan district in 1911 where he farmed until retiring to Abbotsford in 1944.

He is survived by his wife, Lottie, in Abbotsford; a daughter, Mrs. Elva Edgington, of Calgary; three sons, Rodney of Bowden; Lloyd of Calgary; and Robert of Abbotsford, B.C.; seven grandchildren; five great-grandchildren; four brothers and three sisters in the U.S.

Funeral services were held Tuesday, July 14, at Jacques Funeral Home, Calgary, and interment was made in Queen's Park cemetery.

## New Swimming Classes To Start

Starting July 20 at 9 a.m., the second series of swimming classes will get under way at the local pool. The first series of classes had an enrolment of 110 pupils of all ages and of all levels of swimming skill, and from towns as far as 25 miles away. There is room for another 150 swimmers, so this is your chance to improve your swimming ability. Registration for these classes closes on July 20. Classes will begin at the following times:

9 a.m.—Ladies  
10 a.m.—Beginner Boys and Intermediates  
10:45 a.m.—Beginner girls and Seniors  
11:30 a.m.—Juniors.

There will be one more series of classes starting on August 3rd. Make sure you're in on one of the classes.

Pictured here with Prime Minister Louis St. Laurent after he had presented them with the trophy emblematic of the world's chuck wagon championship are the members of Commodore Allen's top-ranking outfit. ## Third Win For Driver Hank Willard

## C. M. Allen's Chuck Wagon Outfit Again Wins World Championship

Commodore Allen's Vulcan entry in the world-famous chuck wagon races at the Calgary Stampede again holds the world championship. Hank Willard, driver of the Vulcan wagon, wheeled his outfit across the finish line in last Saturday's final heat in the fast time of 1:09:4 without penalties to beat out the W. I. Newman outfit of Vermillion which had gone into the final heat with a one-second advantage in the week's total time.

This was the second consecutive time Willard had driven the Allen entry to a world championship and the third consecutive personal victory for himself. In 1951 Hank drove to top honors when he was associated with George Nelson of Queenstown.

The big prize of \$1,100 brought the Allen outfit's winnings for the

week to \$1,813. There was never any doubt this year that Hank and his outriders—Norman and George Haynes of Okotoks, Orville Stransuist of Stettler and Bob Gooch of Queenstown—would be right in the running for the big jackpot. They never ended below third place during the week, took top day money three times and tied for it once. Monday they ran third, Tuesday they tied for first, Wednesday, Friday and Saturday they were first, and Thursday they were third.

The cash awards won by Allen's outfit were only part of what the top honor brought. With it went the Gas Company Trophy; the F. R. Webster Memorial Trophy (a fold and silver belt buckle); the Dutton-Jennings Wagon; the P. E. Hume Beatty Special (a Beatty

washing machine); the Union Milk Co. Special (4 gold and silver belt buckles for the outriders); the Biltmore Hat Special (5 Biltmore cowboy hats); the G.W.G. Special (5 pairs of Cowboy King jeans).

The United Grain Growers special cash prize—outriders' special for lowest penalties—was also won by the Commodore Allen outfit.

The chuck wagon winners, along with the other winners of Stampede events, received the congratulations of Prime Minister Louis St. Laurent, who was on hand to present the trophies and awards. Twenty-eight outfits competed.

The W. I. Newman outfit from Vermillion placed second to the Vulcan outfit, two and three-fifths seconds behind. Third place was won by Carl Barrett of Stettler, whose outfit placed one and two-fifths seconds behind Newman.

A new world's record time for the race was set by Johnny Phelan's Red Deer outfit, driven by Ronnie Glass, who breezed over the half-mile route Saturday in a penalty-free one minute, eight and three-fifths seconds.

## House - Peckman

The United Church, Nanton, was the scene of a quiet wedding on July 4, when vows were exchanged by Glenn C. House of Arrowwood and Mrs. Ethel M. Peckham of Gladys, Alta.

Rev. C. Dwight Powell officiated at the ceremony.

## Regular Meeting Reid Hill W.I.

The regular meeting of the Reid Hill W. I. was held at the home of Mrs. Clifford Love, Thursday, July 9, with nine members and two visitors present. Roll call was answered by an exchange of pot holders.

Routine business matters were dealt with, after which a splendid report on the recent constituency conference was presented by Mrs. Jack Marshall.

Discussion re the sending in of monthly reports to radio station CJOJ was held and it was decided that the publicity convener attend to this matter.

A pleasant social hour was enjoyed after which a delicious lunch was served by the hostess. Tea draw was won by Mrs. Pete Bowie.

The next meeting will be held at the home of Mrs. A. Sales on Thursday, August 13.

Only the provinces of Saskatchewan and Alberta do not border on salt water.

Arthritis and rheumatism are among the diseases still unconquered by medical science. Important advances have been made, however, in detecting early cases and developing methods of preventing extreme discomfort and crippling.

An event of recent interest was the marriage on June 24 at the Vulcan United Church of Frances May, daughter of Mr. and Mrs. W. J. McIntyre, to Daniel James

White, son of Mr. and Mrs. W. B. White, also of the Vulcan district. Rev. Peter Dawson of Champion officiated.

Kathryn Nolte, aged 14, daughter of Mr. and Mrs. Fred Nolte of the Ensign district, has been awarded a plaque and a pin for writing the best essay on "Farm Safety" in a contest open to grade 7 and 8 students in the County of Vulcan.

The contests was sponsored by the Farm Safety Committee of the

Alberta Safety Council, in cooperation with the County of Vulcan.

Kathryn is shown above holding the plaque which will be hung in the Brant school, which she attends.

### Election Forecasting

The business of election forecasting has not developed in Canada to the degree that it is practiced in the United States. There cannot be any certainty in such an undertaking and the bad slip-up forecasters made in 1948, when Governor Dewey lost out to Harry Truman, made the forecasters somewhat timid in their 1952 predictions.

The latest forecast for the federal election in August indicate a Liberal win with Quebec and the Atlantic provinces giving that party greatest support. It is predicted, however, that the Liberals will not have nearly the support that party had in the 1949 election. The Social Credit party is shown as gaining greater support, probably from British Columbia.

Past history shows, however, that many things can happen to change the course of a campaign. So far nothing startling has occurred but the campaign is only warming up. — Brooks Bulletin.

### Young Men of 65

The federal government has announced that, from now on, retirement of civil servants is not compulsory the minute they reach the age of 65.

Prior to this announcement, civil servants went on working after the age of 65 only under special conditions. Now, we understand they may continue in the government's service after 65 just by signifying that they want to.

This new legislation will no doubt be well-received by thousands of civil servants who would shortly be facing compulsory retirement under the old system, but who might possibly feel that their productive years were not yet spent.

And no matter how one looks at it, the new policy is a good one and one that is definitely in keeping with the times. Canada's over-65 age group is steadily increasing, thanks to modern medical advances and the luxuries of modern living. Man's average life span has increased so that today's man of 65 is no rare specimen to be hung up in the closet with the worn out shoes and the 1850 bathing suit.

And with the average person living longer, and the number of older people growing greater every year, it seems only logical that something had to be done to keep the proportion of our population in the over-65 group from becoming a burden to the younger generations and the whole economy of the country.

Had they stopped work at 65, neither St. Laurent nor Churchill could ever have led their countries. Smuts and King would have been out of the Second Great War, and Eisenhower would now have two years to go.

For most men, their job is their life—or a very great part of it. To take it away from them on a particular date based on an event that happened 65 years before was, in most cases, short-sighted, cruel and economically wasteful.

Retirement at 65 is indeed out-moded, and we are glad the federal government has finally seen the daylight in this matter.

### SERVICE BOARD NOTES

H. S. Burns, Field Supervisor

Now that the temperature has become more normal, growth is very rapid and this is true of weeds as well as grain crops, weeds along the roadsides are especially prevalent this season, particularly Canada Thistles, this would be a good time to take your farm sprayer and go along the road adjacent to your farm with a 2-4D solution, and spray these weeds. True it will not permanently destroy the perennials, but it will do a great deal of good in preventing these from developing seed, to be blown high and wide in a few weeks from now.

It is interesting to note the crop conditions prevailing throughout the province, in the Crop Report issued on July 7th by the extension service of the Department of Agriculture. At Medicine Hat wheat is starting to head, at Hanna in shot blade with some heading. Some Peace River barley is heading out. Generally speaking, conditions have been most favorable in an area east from Edmonton and south as far as Hanna. At Sundre some farmers were not able to seed any crop at all, and at Turner Valley the seeded crop is much below average this is also true in many areas south of Calgary. In many localities including our own, some of the land is much too wet to permit spraying of grain crops, but most of these crops have the lead over the weeds.

Grass seed crops are promising, but it is feared that legume crop seed may not set too well owing to the heaviness of growth.

### EDMONTON REPORT

**EDMONTON:** It's fair time in Alberta again. Exhibitions, fairs and stampedes, one-day, two-day, three-day and week-long have been held, are being held or will be held in every Alberta centre of reasonable size, and every citizen will be near enough to one or the other.

To the youngsters it's a time for fun, sight-seeing and eating. It's a combination of entertainment and education for the older folk. The thrill of bucking broncos, dynamite-packed brahma bulls, the color of midway shows is there to a greater or lesser degree depending on the size of the fair or stampede.

But at almost all there is something more. There is participation by the community in the exhibits of homecraft—cooking, gardening, canning, needlework—livestock and schoolwork.

The grand-daddy of Alberta's agricultural fairs is celebrating its 75th anniversary this week. It is the Edmonton Exhibition. It has a little bit of the whole province, particularly in the livestock competitions, which draw entries even from the United States.

It's changed, grown bigger and is more of a spectacle than in years—gone by, but its essential character is still evident. Despite its gaudy midway, emphasis on horse racing and betting and big manufacturers' and retail displays that draw city crowds, it has a hard core of agricultural exhibits.

The first fair, held in 1879, on what is now the provincial legislative grounds, was for the purpose of displaying the district's horses and livestock and vegetables.

The purpose of the Edmonton association and those of all the agricultural fairs embody the principle that brought them into existence: the promotion of better agriculture and improvement of good dairy and beef cattle, sheep and swine.

That they are doing this is proven by the interest taken and the prizes provided by the farm and cattle organizations and government grants.

A blurb in the Edmonton Exhibition's prize book points out that agricultural shows and fairs have meant "advancement in livestock

## It Happened On The Farm

By Kathern Nolte, age 14  
(Prize-winning entry in farm safety essay contest)  
Accidents will happen on the farm, but many of them just through carelessness. This specific accident occurred on the farm of Howard McMullen in the fall of 1950. Howard was just ready to hitch up his plow and pull into the field for a last working before the first snowfall.

Noticing that the tractor was low on gas Howard drove it to the gas house. Throwing the tractor out of gear, but failing to turn off the motor, he went into the gas house to get a pail of gas and a hose. He stuck the hose into the tank and started to pump in gas. When the tank was half full some gas leaked onto the ignition. Within a minute the tractor was on fire as well as the surrounding gas drums. It all happened so quickly that Howard didn't have a chance to get out of the way.

In the meantime, Howard's wife who was in the house not very far away, heard screams and sounds of minor explosions. Running out to the gas house she pulled Howard away from the flaming tractor just in time to save his life. Nearby neighbours saw the smoke and flames and rushed to the farm. The fire was extinguished and Howard was taken to the hospital, his face and arms badly burned. It is feared that he may never regain his eyesight.

This accident could have been avoided if Howard had a proper gas pump, not just a hose that he stuck in a gas pail. He also should have seen that the tractor was turned off while refueling. Fire extinguishers should be carried on tractors at all times. Similar accidents can be avoided by the above rules.

type and breed standards." Although gradual and cumulative, it adds, these shows have been a big factor in selection of animals for improved type and brought about better management and feeding methods. City folks can clamor for big, bright stage shows as the most

important part of the exhibition; the real meaning is found in the barns and show rings.

### LOMOND

Friends will be pleased to learn that Donnie, young son of Mr. and Mrs. Stan Cherkas was able to return home on Saturday after spending a couple of days in Vulcan hospital.

Mr. and Mrs. Henry Crawford were visitors at the Fred Hart home on Sunday.

Mr. and Mrs. Albert Thompson of Vulcan recently spent a day visiting their son and daughter-in-law, Mr. and Mrs. Henry Thompson.

Mr. and Mrs. Jim Foreman and family were visitors in Vulcan on Tuesday of last week.

Messrs. Walter and Denver Hart were business visitors in Lethbridge on Friday of last week.

Mr. and Mrs. Elliston and family of Edmonton were recent visitors at the home of Mr. and Mrs. Stan Cherkas.

The annual round up of the Lomond Community pasture was held on June 30.

Maurice Mercer and Bud Hylar were weekend visitors in Medicine Hat.

Mr. and Mrs. T. E. Skeith and son Lloyd of New Dayton were guests recently at the home of Mr. and Mrs. R. H. Skeith.

Mr. and Mrs. P. S. Ruppert and family accompanied by Miss Lois Chase were visitors in Calgary on Saturday. Returning they plan to go around by Hanna and spend Sunday visiting at the home of Mr. Ruppert's parents, Mr. and Mrs. E. Weins of Seapa, Alta.

Mr. and Mrs. James Mapson of Vulcan were visitors in Lomond last week.

Miss Elsie Thompson was a recent visitor at the home of her brother and sister-in-law, Mr. and Mrs. Henry Thompson.

Mr. and Mrs. Leonard Hart and

family of Pincher Creek recently spent a week end at the home of Leonard's parents, Mr. and Mrs. Fred Hart.

Mr. and Mrs. Jerry Root arrived in Lomond on Tuesday of last week from the west coast where they spent their honeymoon and left the following day for a trip down east. They were accompanied on the trip east by Mr. and Mrs. Doug Walker who plan to return with a new car.

Mrs. Tom Teasdale, accompanied by Miss Loretta Teasdale left last Saturday for Medicine Hat to spend a week visiting her daughter and son-in-law and aunt respectively, Mr. and Mrs. Knodell.

Congratulations are extended to Miss Amy Elizabeth Chambers, daughter of Mr. and Mrs. J. W. Chambers, Lomond, and Robert Joseph Cyr, son of Mr. and Mrs. N. Cyr of Brooks, whose marriage is planned for an early date in August. The best wishes of people in Lomond and district are extended to this young couple.

Alec Henderson attended the Calgary Stampede on Monday of last week.

Friends will be pleased to learn Mrs. M. J. Bolduc has recovered from her recent illness and is now at home again.

Mr. and Mrs. Ernie Donaghy attended the Stampede Parade on Monday morning, returning home after the parade was over.

The young son of Mr. and Mrs. Norman Hammer was able to return home on Sunday after spending several days in the Vulcan hospital suffering from pneumonia.

The Sports Day held in Lomond on Monday, July 13 was not as successful as had been hoped for. Two of the ball teams, Retlaw and Milo, did not show up at all. There were not too many at the dance either, which was quite understandable considering the hot weather. Lomond won both ball games played, first one with Enchant and the second with Sundial.

Mr. and Mrs. Earl Armstrong and Mr. and Mrs. Art Humphries and family were in Calgary to see the parade and take in the Stampede.

### Good Will Service Club Meeting

The regular monthly meeting of the Good Will Service Club was held at the home of Mrs. George Maranda on Thursday evening, June 25 with a very good attendance. Twenty one members answered the roll call with coronation highlights. There were four visitors present. A canasta party was discussed and tabled until later in the year. Details for the annual Chicken Supper are to be decided at the September meeting. A committee of three was appointed to meet with Mr. Cherkas, Chief Clerk of the Special Areas Dept. to see what can be done about fixing up the cemetery. They were also to contact other district clubs and were given the right to spend up to \$50 if necessary to help with the work. \$25.00 was also donated to the CGIT to be used at their leader's discretion. Two showers for brides-elect were discussed and planned for. Nickel draw was won by one of the visitors, Mrs. D. Armstrong. A very lovely lunch was served by the hostess and social committee.

### Closing Exercises - Lomond School

About 60 guests attended the closing exercises and banquet held in the Lomond Community Hall on Thursday evening, July 11 in honor of eight students, five from grade nine and two from grade XI. The hall and banquet room were beautifully decorated in black and yellow, the school colors, the banquet table was decorated with lilies and spring flowers. Among the guests present were the Mayor and his wife, Mr. and Mrs. Alan Clifford and the Superintendent of schools for the Taber division, A. S. Earl and Mrs. Earl. The Rev. J. C. E. Reuss of the St. Aldhelm's Anglican Church of Vulcan and Mrs. Reuss were also present.

The invocation was given by Rev. Reuss. The toastmaster, Mayor A. Clifford, proposed the toast to the Queen. Miss Gail Skeith proposed a toast to the Superintendent, A. S. Earl, to which he very fittingly responded. A toast to the teachers was proposed by Marvin Henrickson, and responded to by Mrs. M. Liebrich, teacher of the Intermediate room. Miss Amy Chambers proposed a toast to the Home and School Association, responded to by Mrs. H. Caulfield. Miss Joyce Caulfield then proposed a toast to "Us", the grade IX students. Following the banquet the guests retired to the main hall where the public had been invited to join in the closing exercises.

Harris Caulfield, acting as master of ceremonies, introduced Marvin Liebrich, principal of Lomond School, who welcomed the people. Miss Joyce Caulfield then gave the Class Elegy to the grade XI students, Miss Gail Skeith and Miss Amy Chambers.

Guest speaker was A. S. Earl,

superintendent of schools in the Taber division. He gave a very interesting address to the students and people assembled. Miss Gail Skeith then sang two numbers, "Memories" and "My Best to You." The Class Will was then read by Miss Lois Chase, followed by some very interesting remarks by Rev. Reuss of Vulcan. A choir selection was given by the Intermediate room. Miss Amy Chambers made a speech as class Valdictorian. Mrs. J. W. Chambers, president of the Home and School Association then introduced each student in turn and wished them luck in all their various undertakings in the future. The class pins, which were to have been presented at this time did not arrive in time and were given out later. The banquet, exercises and the dance which followed, were sponsored by the Home and School Association.

### Community Club Meeting

The regular meeting of the Lomond Community Club was held July 2 at the home of Mrs. R. Skeith. Twelve members and two visitors were present. The roll call called for a forfeit from any member not being able to touch the floor without bending the knees. A picnic to be held in August for the members and their children

## With The District Agriculturist Hugh Michael

### A Serious Threat

The almost unprecedented rainfall received during June has caused damage amounting to many thousands of dollars, on Southern Alberta farms. This damage may be classified into two categories, temporary and permanent. Under the classification of temporary would fall the drowning, and washing out of crops, this has been estimated in some districts to be 5% of the seeded acreage. While this is a serious problem to the individual farmers who were hardest hit, it is something which they will recover in time.

Permanent damage caused by water erosion can be observed on practically every farm in the district. The farmers of Southern Alberta are often held up as an example of what can be done to control wind erosion, however during the past few years the threat and damage from water erosion has continually grown. Because of the amount and intensity of precipitation received to date this year, water erosion could be expected. Gullies had been cut, acres of topsoil have been washed away leaving in fertile subsoil in its place. This damage is permanent as far as the present generation is concerned.

Many farmers are wondering about the best method of dealing with these gullies, as something must be done to save valuable fields from being cut up into small hard to cultivate irregular pieces.

Some of the smaller gullies may be filled in with a oneway. It can be hitched to the tractor with a logging chain, which will make operation of the tractor safe. For this work the oneway should be pulled at a fairly high rate of speed. After the gully has been filled in sufficiently the logging chain need not be used, continue working until a wide saucer shaped watercourse is developed. The watercourses can then be worked and packed to form a seed bed. Bromo grass is one of the best grasses to use for this work as it forms a dense sod, grows fairly tall, and if the growth is left it will form an erosion resistant mat over the ground. The use of a nurse crop is desirable to provide some cover as soon as possible. For this purpose grain should be seeded at 1/2 to 3/4 the usual rate with the

Speed has a great deal more effect on oil consumption than any possible change in the type of oil. The average car driven continuously at 60 miles an hour uses 10 times as much oil as it does at 30 miles an hour.

Bob Sellars was home from Banff for a three day holiday.

Mrs. Don Schultz has her mother, Mrs. Murphy visiting her for a few days.

Elton Wilkinson went to Exshaw for the weekend.

A number of people from Brant were Stampede visitors this week.

Mrs. Nicholas and family arrived home after a two-week visit with her mother at Barnwell.

Arlene Parker is home for her summer holiday from Mount Royal College, Calgary. She was an honor student and didn't have to write her grade 11 exams. Keep up the good work Arlene.

### ENSIGN

Lynn Mooney has been holidaying with her grandparents at Brooks.

Mr. and Mrs. N. Flohette were Stampede visitors in Calgary for three days last week.

Donald and Davin Hansen were confined to their home last week with the mumps.

Mr. and Mrs. C. Mote have visiting with them the former's brother and sister-in-law, Mr. and Mrs. George Mote of Ontario. They also took in part of the Stampede in Calgary.

Pete Flohette is at present spending some time in Calgary.

Miss Helen Mote accompanied by Miss Elaine Brunskill of Calgary, left on Sunday morning for a vacation to be spent in Oregon with Helen's grandparents, Mr. and Mrs. J. Gothard.

Mr. and Mrs. Geo. Flohette were Okotoks and Calgary visitors.

Mr. and Mrs. Bill Turley are spending a few days in Calgary.

Mr. and Mrs. Bob McFadden and Daphne were Stampede visitors last week.

Miss Lois Kennedy has taken a position with the Imperial Bank in Calgary.

Mr. and Mrs. Knight have had visiting with them, Mr. Knight's parents of Vermillion.

Mr. and Mrs. Ed Kennedy had their daughter Fern and her husband with them over the weekend.

Others who attended the Stampede were Mr. and Mrs. R. Markert, Mr. and Mrs. A. Hagen, Jim Ferguson, Mr. and Mrs. B. Turley and P. J. O'Dwyer.

Mr. and Mrs. Geo. Mote and Mr. and Mrs. C. Mote, spent a few days at Banff the first of the week.

Mr. and Mrs. B. Brown have re-

turned from a trip at the coast and on their return they visited with Mr. and Mrs. Phil Bourque of Kelowna, B.C., and Myer's of New Port, Idaho, both former residents of Ensign.

### MAJORVILLE

Among the hundred thousand thousand people who jammed the streets and avenues of Calgary to witness the Stampede parade were Mr. and Mrs. Hugh Winch, Mrs. Leonard Voys and Walter of Majorville.

A marriage of local interest was solemnized in Calgary on July 7 when Bob Knight foreman of the L. K. Ranch was united in marriage to Mrs. Maude Rockwell of Bassano.

Miss Pat Mitchell of Nanaimo, B.C. was a visitor this week at the home of Mr. and Mrs. J. Bartsch.

As part of the civil defence program of the County of Vulcan, a series of Home Nursing classes has been arranged. The course will run for six weeks with a class each week. The first will be on July 20 at 8 p.m. at the home of Mrs. Bert Clemmons. Anyone interested is asked to attend. Mrs. Helen Thompson R.N., and Mrs. Bert Clemmons R.N., will conduct the classes.

Mr. and Mrs. Wm. Francis and Lee went to Hartell last Sunday where they visited with Mrs. Dee Scott and family. They were ac-

companied home by Margaret Scott who will spend part of the summer holidays with them.

As is usual a number of neighbors went to Calgary for the Stampede but for most the opinion of the big show is that it was too crowded and too hot.

Crops and gardens have made good recovery from the damage done during the hail storm of July 3. Grain that had been seeded early and was in the shot blade seems to be slower in the come back and may not recover to the same extent as later seeding. Gardens also have recovered to a remarkable degree and except for the more tender vegetables like tomatoes and cucumbers will be good, although later. Small fruits and currants were beaten off the branches and of course will be a loss this year.

Seismograph crews are in the district again blasting holes along the roadside. One blast near the farm of Will Francis resulted in a water flow.

Seasoned travellers by now to B.C. Gay and Fay Bartsch left on Sunday for Kaslo, B. C. where they will spend a vacation with their uncle and aunt, Mr. and Mrs. A. Jacobs.

While there are more single men than single women in every province, the proportion of unmarried men is highest in British Columbia, Alberta and Saskatchewan. In the Yukon there are two unmarried men for every single woman.

On May 1 Canada had a wheat surplus available for export and carryover of 496 million bushels, compared with 348 million bushels on the same date in 1952.

### WARNINGS ABOUT BEING ON WRONG SIDE OF THE TRACKS

With holidays coming on it is a good time to recollect that the wrong side of the railway tracks is the top side where accidents occur. Railway tracks are the world's most dangerous playground. Here are some of the more important things to remember at all times.

1. Trespassing on railway property is exactly like going into another person's house or yard without permission.
2. Do not play on or near railway property.
3. Do not walk on railroad tracks.
4. Do not walk on, play on, run over, fish from, or dive from railroad trestles and bridges.
5. Do not "hop" rides on cars.
6. Don't crawl under, between, in or around cars of a standing train.
7. Do not play on coal piles, piles of ties or other material on railroad property.
8. Do not place any object on the rails.
9. Do not tamper with railroad property such as signals or switches, brake wheels or car couplings.
10. Do not damage insulators or signal lights along the right of way.
11. Do not throw stones, shoot slingshots or air rifles at moving trains or the train crews or passengers.
12. Cross railroad tracks only at authorized street crossings and be sure the tracks are clear.
13. Do not crawl under or pass around the end of lowered crossing gates.

Be on the safe side of the tracks and you'll be safe.

The strikingly new Sedan Delivery is an ideal advertisement for the business. It serves—model 2271 Max. G.V.W. 4100 lbs.

Good appearance and utility are combined in the three outstanding GMC Pick-up delivery trucks. G.V.W.'s 4800, 5800, 7000 pounds.

The Carryall Suburban takes eight passengers comfortably, and can be readily converted to handle equipment or supplies. Model 9316. Max. G.V.W. 4800 lbs.

A truck for every purpose is exemplified in the GMC Series 9430 providing chassis and cabs, windshield cowl, and flat faced cowl for any body type.

Multi-stop deliveries are made easier with the GMC 9100 Series chassis (flat face cowl type illustrated). To provide for a wide variety of needs, chassis are available in either 11,000 or 14,000 G.V.W., with choice of 125 in., 137 in., or 161 in. wheelbase.

Powered by the famous 235.5 cu. in. Loadmaster engine, this truck has pulling power to match its load carrying ability. With many outstanding features, 9500 Series Chassis and Cab Max. G.V.W. 16,000 lbs.

An ideal truck for heavy hauling up to 16,000 pounds G.V.W., the 9700 Series Option 131 provides a wide range of wheelbases. Faster road schedules at top economy are made possible by the proven 248 cu. in. Torquemaster engine.

A wide variety of special body types can be used to advantage on these 9800 series Cab-Over-Engine models. Powerplant is the husky GMC 235.5 Loadmaster engine.

The big, rugged, 15,000-pound rear axle teams up with the optional Workmaster engine's 130 hp. to bring you a truck that gives an outstanding account of itself on or off the highway. Illustrated is the 9700 Heavy Duty Series.

A GENERAL MOTORS VALUE

MODEL for model, feature for feature, these 1953 trucks are the greatest GMC trucks ever built. They bring you new staying power and new safety with heavier, more rigid and durable construction. All 1953 models provide increased horsepower and higher compression ratio. These thrifty valve-in-head engines give you faster acceleration, greater hill-climbing ability—and even greater economy than ever before.

But there's only one way to really know what advantages are waiting for you in these new GMC's—

Drive one yourself!

Your GMC dealer will put you behind the wheel of one of the wide variety of models available. You'll thrill to the drive of sparkling horsepower—the lift of responsive high compression—the solidity and stamina which will enable you to save more and make more on every hauling job—with GMC.

Get a real truck!

### QUEENSTOWN

The Queenstown-Milo branch of the Canadian Legion are having a picnic on July 26 at the river south of Cluny. Everybody is welcome.

A. V. Symes attended the banquet of the South African War Veterans in Calgary on July 6. His guests were Stanley Brown and

Johnny Papp.

Guests at the home of Mr. and Mrs. Jesse Laid have been Miss S. E. Brown, Mr. and Mrs. H. E. Wilson, Elvie Sizer, all of Calgary, and Mr. and Mrs. George Benson of Acme.

A number of people from here attended the Stampede in Calgary last week. Congratulations to the Commodore Allen outfit on winning the Chuckwagon championship.

Mr. and Mrs. Eddie Kingsmith and Mr. and Mrs. T. Clarke have motored to the States for a week. Leigh Robertson is running the butcher shop.

Mrs. Bill Beckner has returned from her three month trip to England and Scotland. From all reports she had a lovely time.

Mr. and Mrs. W. Mallet have been Queenstown visitors.

Commodore Allen and Bob Gooch motored to Edmonton Monday to attend the chuckwagon race.

Mr. and Mrs. Seminoff and Mr. and Mrs. Negaves motored to Banff last weekend.

### ARMADA

Friends will be interested to learn that Mrs. Bennett's father, Grandad Longworthy as he is known to many, will be released from hospital this week. Grandad, who is 89 years of age, fell and broke his hip the first part of December, however he will have to be confined to a wheel chair. For the present he is making his home with his daughter, Mrs. Harry Boyd of Hardville.

Mr. and Mrs. Geo. Howell and family of Milo were recent Saturday afternoon visitors at the home of the latter's parents, Mr. and Mrs. W. Brotherhood.

Mr. and Mrs. Geo. Slavosky and family of Warden were weekend guests at the Frank Boyd home as were Mr. and Mrs. H. Ripp of Stetler and Mr. and Mrs. Gordon Boyd of the Milo district.

Mr. and Mrs. John Lynch and Shirley attended the High River Kadoe on their way to Calgary. Jeanette Kunkel also attended the High River Stampede on July 1.

Mr. and Mrs. F. Boyd were Lethbridge visitors on Monday, visiting their son-in-law and daughter Mr. and Mrs. R. G. Rittenhouse.

A disastrous hail storm hit the Armada district a week ago last Friday causing considerable damage to crops and gardens. A fierce wind accompanied the storm, which blew down an old barn just south of the Seacock farm. One of Bob Stoke's bins was completely turned upside down without a board being broken. Several farm homes received broken windows and many farmers who were in the field sought shelter beneath their tractor or in a truck if they were lucky enough to reach one before the storm hit. However, despite the storm the crops are progressing nicely again and with the aid of a nice late fall there may still be a considerable amount of wheat. That is, if we don't receive any more of that miserable frozen rain!

An item that was omitted in last week's column, C. Stokes and I. Kunkel attended the "Ball Tournament in Lethbridge the last day of June.

C. Stokes accompanied by Mr. and Mrs. Larry Hagg of Enchant motored to Calgary Sunday to attend the Parade and Calgary Stampede on Monday. The Hagg children were guests of their grandmother, Mrs. C. Stokes during their parent's absence.

Garry Beagle has been visiting at the home of his grandparents, Mr. and Mrs. L. Herman of Calgary since his holidays began.

Mr. and Mrs. I. Kunkel entertained the Howell families last Sunday in honor of their father, Ted Howell who has just returned from England. Those present were Mr. and Mrs. R. Howell and family of Lethbridge, Mr. and Mrs. E. Howell and family and Mr. and Mrs. H. Howell and Darrel of Armada.

Mr. and Mrs. G. Root have visitors from the States at present visiting at their home. No names were available at time of writing.

Mr. and Mrs. W. Lucas and family left last Wednesday for Manitoba where they will visit the latter's relatives for a few weeks.

The Armada district extends their deepest sympathy to Mrs. Birkness and family on the death of her mother, Mrs. Saddler.

Calgary Stampede visitors included Mr. and Mrs. C. Stokes, Mrs. T. Marks, J. Marks and family, Joe Urdal and Magne (last name not available).

Mrs. W. Marks returned home after a lengthy stay in Edmonton. Sunday guests at the A. Marks home were Mr. and Mrs. M. M. Bakken and children of Vulcan and Mr. and Mrs. E. Anderson and family of Milo. Earlene Anderson is at present staying at the home of Mr. and Mrs. A. Marks.

The crew employed by the Barber Construction of Brooks has now completed their work on the new Armada Memorial Centre. Local men are now completing the odd jobs and although the hall will not be entirely finished, shows will commence on Thursday, July 16 and it is hoped the opening dance will take place in the very near future.

## Milo News

This week the news seems to comprise mostly of stampedes and of people lucky enough to be taking holidays but then this is just the season for both.

Of course the big Calgary Stampede was the big excitement for many folks last week and still others wouldn't go to that show for all the rice in China. However it is well that this latter race is in the minority or all records for attendance would not have been broken this year. The tourists make up a great per centage of the attendance crowds but it still takes the local crowd to fill in the rest. Congratulations are the order of the day for Hank Willard who for the third consecutive time has brought the chuck wagon outfit that he was driving in for the top money of the week. For the past two years the wagon has been under the name of Commodore Allen so it is going to take one more win next year for the trophy to go to the outfit for keeps. Hank didn't break any speed records but sure and steady wins the race they say and with the excellent help of his outriders the A outfit managed to have the best time. But another year Hank, if you must get behind one second in time please don't do it the night before the finals. It is awfully hard on the nerves of your fans. For some reason Milo had no entries in the curling event held during Stampede week as a brand new added attraction. One would think that after this little town entering more rinks than any other single place during the annual bonspiel held in Calgary during the winter that one invitation would be issued to it for the elite affair of the summer. They must not think that quantity makes quality.

A very interesting interview was held with Bob Bertrand on his return for the mid-summer bonspiel in Nelson, B.C. Together with Roy McIntyre, Dave Crabb and Leonard Northcott and families, Mr. and Mrs. Bertrand spent a week in Nelson. The weather during that time was beautiful and the heat wave was not encountered until they were on their way home. The curling enthusiasts of Nelson arrange all the necessary details of the stay in their town of the curlers who come from as far away as Manitoba and Wisconsin. The rink from here did not bring home any of the silver ware which is first prize but they did get in a goodly number of games and had a lot of fun. They played nine games and won five of them. Bob said that if their luck had been all in one event it would have been all right, but that twice they got within two games of being in the money and then lost out. However, each rink was given a little gold mug as a courtesy gesture by the Nelson club so they didn't come home empty handed. They all heartily recommend the mid-summer bonspiel as a short holiday for anyone at all interested in curling as they have a lot of fun and the country there is beautiful at that time of year.

The population of Milo has gone up and down with the coming and going of the various work crews for the past two years and now things are on the upward swing again. Two seismograph outfits, one of the Farnay and one of the Inter-City Oil Companies have moved into town and will remain for at least two weeks. Every available place is being used as sleeping quarters and there are trailers parked all over the place. The big trucks are buzzing across the country and work seems to be going forward. It is hoped that they find the stay in our community a pleasant one.

Staff Sergeant Don Jorgenson, son of Mr. and Mrs. Walter Jorgenson of Milo has returned from Japan where he has been stationed for the past 15 months. He left Tokyo on a Saturday night and because of the difference in the time zones he flew to Vancouver and landed the same hour that he left. That would make you think that you were catching up on your self wouldn't it. He doesn't know where the army will send him next but he is heading for the North West Territories for a vacation in the near future. He was stationed up there for some time and wishes to renew old acquaintances and places.

The new structure over the ditch west of Milo is now completed far enough to allow traffic over it. It is really quite a bridge now and the installation of it was very intriguing. Maybe when they get done working there, the buildings on the Tom Beckner place will not be in such danger of sliding into the ditch every time an extra flow of water comes down.

Here is further information on the meeting of the Aberdeen Angus club of southern Alberta. Definite plans have now been made for the meeting. On July 26 at 10 o'clock anyone at all interested in taking the tour will meet at the Corner Store. The members of the club from this district take plea-

sure in inviting anyone at all interested to come and would like to see many of their neighbors attend. You do not have to be especially interested in black cattle, but simply interested. From the Corner store the company will go to Arrowwood to look over the cattle and farm of the Arrowwood Farming Company. From there back to the McMorris farm where a lawn dinner is planned. After looking over this farm they will go to John Bartsch farm and from there disperse to their homes. This club extends from 30 miles east of Drumheller to the U.S. border. Its purpose is to meet and get acquainted with people interested in the same things that you are and to learn of the different methods employed in the cattle raising business. So come on neighbors, accept their invitation and attend their meeting with people from different districts as well as with those from next door.

Allan Phillips and his father motored to Manitoba last week to attend a wedding and to meet with relatives that they haven't seen for a considerable length of time. That in itself sounds like a pleasant trip but here is the catch. The first day they started to look for a cabin and couldn't find one so were obliged to drive on. And by the time they stopped they had travelled about 965 miles. Now many people could do that and consider it not too outrageous but just consider for a moment that Grand dad Phillips is over 80 years of age. We think it is a real feat and that he is certainly not too old to cut the mustard yet. And then after going all that distance they were only gone about a week.

Mrs. Nell Burk motored with Mr. and Mrs. Bob Umscheid to James River Bridge where she is going to spend some time with her sister-in-law, Mrs. Ernest Burk. Mr. and Mrs. Bob Umscheid and two boys, accompanied by Sharon Phillips are going on to Grande Prairie to visit with Mr. and Mrs. Art Forrester. Art is travelling now and Bob is going to go with him on the road for the week while Iona and Doris stay home and look after the four kids. Of course they will have a car so may be it won't be all stay home after all.

Well last Saturday night the four Armstrongs, Hap and Ethel Heather, Margaret and Larry Umscheid and Joe and Bernice Thomson got home from their camping and fishing trip at Kananaskis. The first and most glaring fact about the trip was the array of brilliant faces. It seems as if the girls especially aren't too used to the sun because you never saw so many bronzed faces in your life. However they say that it was very definitely worth it. In spite of all the fun they had, they even caught some fish. They brought back about 50 with them and had eaten quite a number while they were camped. It took the girls to show how the big ones were caught as Byrila got one that weighed eight and one half pounds and Betty one that weighed over seven. Then the first fish caught was captured by Margaret so it sounds as if the boys were along only for decoration. They did come in handy one night when all of them got a scare. After the camp had settled down and everything was quiet Bernice thought she heard noises outside the tent. Finally she woke Joe and when he went to investigate he found a very good sized bear out there. The food had been left outside and apparently bruin had smelled it and had come for a mid night snack. He didn't have very good manners however because when Joe saw him he had his feet up on the table. Oh well some people haven't got much better manners so why blame the bear. Maybe he had been watchnig how they did it in camp. Anyway the trip was a success and that is what counts even if the fish didn't do so well.

May your life be like an old Ford car — a rattling success.

#### Haying Time is Here

The old proverb make hay while the sun shines is given many fitting and wise interpretations. This year we hope the literal interpretation will be possible; as hay crops are excellent throughout Southern Alberta. To the cattleman a surplus supply of hay is an absolute necessity. Many old and experienced cattlemen who have come to know the vagaries of the Southern Alberta climate make a practice of keeping from two to four years supply of hay on hand. From their long and sometimes bitter experience they have come to know the value of a little extra hay, when the chips are down and the going is rough. These men have seen the results of insufficient winter feed, and they know what they are talking about. This would seem like an ideal time to build up a surplus.

There is plenty of good quality hay, turned into very mediocre quality by cutting too late. This happens every year, even when the weatherman co-operates. According to the best information available Alfalfa should be cut when the bloom just commences to show. Sweet Clover is at its peak when in the bud stage. Brome and Crested Wheat are at their best if cut just after heading. Timothy should be cut when it is in bloom. Grass legume mixtures are becoming increasingly popular due to the increased feed value, and extra tonage obtained. These mixtures should be cut when the legume is in the right stage.

While we are dealing with hay quality it might be well to mention the fact that 20 percent of the feed value may be lost when wind-dried hay is rained on. So let's hope everybody concerned will get a chance to make hay while the sun shines.

#### ENSIGN

A daily vacation Bible School is to be held at Ensign school commencing Monday, July 20 to Friday. Classes begin at 9:30 each morning until 3:30 in the afternoon. All children are invited to attend.
